### **Character, setting and plot cards**

Choose words from the story representing the characters, setting and nouns and verbs related to the story line. Write them on slips of paper, then have your student read them and sort them under the appropriate card.

Gives students a chance to practice reading words that will be in the story, gives them a sense of what the story will be about, and gives you the opportunity to help with words that are hard to read or understand before they encounter them in the text.
